

# RF1010MF

# Card Reader

## Features:

- > Support Mifare S50, S70
- > Read Range: up to 6CM
- > A beeper and 1 LED
- > Low cost solution
- > Proximity desktop reader with USB interface for card issuing
- > Full of output format for option (8H-10D)
- > Modern and compact design

## Plug and play:

The RF1010MF support plug and play functionality which can work without installing any plug-ins.

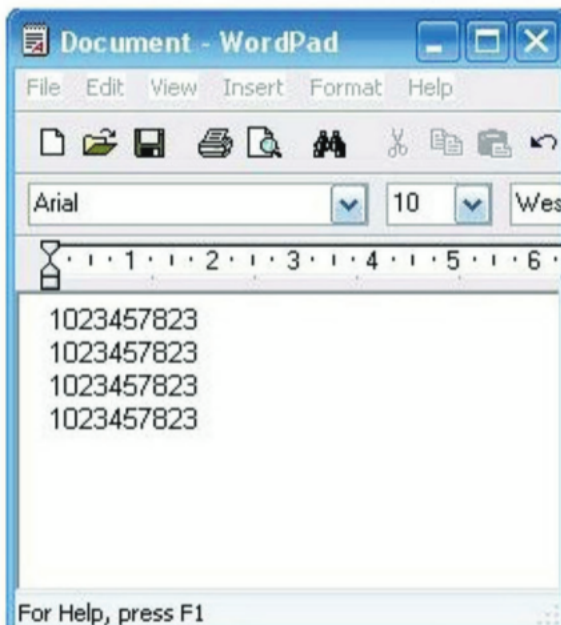

LED status, Power, Buzzer  
120 X 93 X 27mm

## Testing and Operation

- > When power is applied to the reader the LED will flash green three (2) times while the beeper beeps simultaneously. The LED will then turn red. This indicates that the microcontroller is operating properly.
- > Present an ID card to the reader. The red LED will momentarily cruch out while the beeper beeps once, indicating that the card was read.

When the reader read a card, we can get:

Interface	: USB
Support Card	: S50 & S70
Output Format	: (8H-10D)
Power	: From USB
Dimension	: 110mm X 81mm X 26mm
Operation Temperature	: 0°C to +60°C
Cable	: 1.2 meter long USB cable
Material	: ABS
