SP700 Series

The New Star SP700 printers are enhanced not only in printing speed, but also in capability and reliability. It is a cost-efficient model which is ideal for restaurant, kitchen, retail and ticketing.

With SP700 series, you could print quality receipts and tickets at a faster speed than ever. SP700 printers incorporate with "Drop-in & Print" paper loading design, in just 3 simple steps, you could change the paper roll easily and quickly.

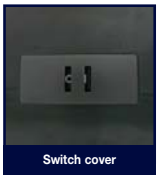
To satisfy different requirements, SP700 series comes with 9-Pin or 18-Pin version; Tear bar or Autocutter version. The 18-pin version, SP717 and SP747 allows printing Chinese characters in one single pass, doubling Chinese character printing speed. Moreover, SP700 series provides variety of Interface options, from traditional Parallel Interface to advanced Ethernet Interface, to integrate with different system configurations.

Star has improved not only the hardware features, but also the software capabilities making day-to-day usage so much easier. We always plan ahead, driver for next generation Windows OS - Windows Vista™ is ready for SP700 printers.

Paper Checking Window

Swappable Interface

Adjustable Paper Guide



Switch cover
